Subject: Couple of Follow Ups

Hi Moira

Just want to let you know I have followed up both actions for you over the course of this week. City Design are going to come back to you on park development initiatives and after last night I think they would have taken that message that Council require some more information on future parks development. [REDACTED] and [REDACTED] are having a chat before the end of the week on how we can support workers within the sex industry who may aspire to get out of the industry but feel trapped.

We will come back to you early next week.
