Subject: RE: FOR YOUR ACTION: Ward Talk

Hi [REDACTED]

My dot points are

1. My nom to survey residents about their views on the upcoming changes to the Sex Work Act which will allow Sex Work to occur on in commercial zones in buildings & on public streets, as well as in residential zones- and to deliver that feedback, along with Councils own concerns, to the State Government.
2. My nom advocating against the Government's proposals which will reduce the rights of Councillors and residents to be consulted or lodge successful appeals against a variety of planning proposals.
3. I was advised by the Gender Equality Act Commissioner & the LGBTQ+ Commissioner to request a meeting with the HREOC Commissioner, Ro Allen, to discuss the problems with implementing the rules that allow biological males into female toilets and changerooms and was denied an appointment- so I am investigating other avenues to address these issues.

Could you also please send me the draft so that I can sign off on it prior to print?

Kind regards,

Cr Moira Deeming

Hi Moira

Hope you and the family are keeping well.

It's time to prepare your next Ward Talk, which will be published in Star Weekly on Tuesday 7 November. If you could please provide me with two or three dot points about things you'd like to talk about, **by 12pm Monday 29 November**, that would be appreciated.

Alternatively, if you'd like to prepare a draft yourself, I'm happy to work with that, too.

Please be mindful that there's a 250 word limit for Ward Talks.

Happy to chat if you have any issues or concerns.

Kind regards
