Well I'd like it included because the results were withheld for no good reason, and no councillor discussion of the results prior to letters being sent to MPs was had.

I feel that this particular issue has been very poorly handled- I know if no other issue, ever, where the results of a nom were held on to & not released until I finally had to go through [REDACTED].

But none of that is particularly why. I think it's the right thing to do because it's something our Councillors felt strongly about, and we already suffered through staff undermining & contradicting us on this issue.

I would actually like to see the full results- as an appendix to a report. I honestly think its outrageous that such an approach is not standard practice. I feel manipulated & blocked from doing my duty. Simple transparency should be standard- surely? I still have not been provided with the full results... and I truly cannot believe that I am being reduced to nagging for something so basic.

I'm willing to come in and sit down and talk it all over. I'm not on a warpath to get anyone punished, but I will absolutely die on this hill of full data...

In short I would like to see the full raw survey results, plus an improved, clearer report with better & fuller data presentation for the public & I would like the opportunity to speak on it as an item. Which is what I should have been provided with.

I will leave out all the details of officers questionable behaviour. I just want a real report & a chance to speak on it. As I should have been given from the start.

Dear Cr Deeming

Please can you let me know what outcome you are seeking by it being included in the briefing and I can then consider best approach.

The reason I am asking is next Monday's briefing is over subscribed for presentations and discussion items – three items from last night have been carried forward to next week and we are working on streamlining to proceed with all items.

Community Planning Strategies
End of year financials 2021/22
Budget planning cycle for 2023/24
Waste and Dumped Rubbish contract
Pedestrian and Cycling Plan
Annual Community Satisfaction Survey

Re Notices of Motion. I have included a discussion on Executive agenda today re NoMs. That will give me a status update for us to have a conversation on closing the loop.

Regards

**Subject:** Survey & Agenda

Hi █

Could we please have the sex work community attitudes survey put on the agenda of the next meeting? Normally it would have, and I don't understand why it hasn't been put on the agenda.

Also, are we able to have a bit of a 'closing the loop' meeting about my NOMs and various bits and pieces?

I know you're busy- I just want to wrap things up well, on the chance that I get elected after all.

Kindest regards,

**Cr Moira Deeming**

Watts Ward Councillor | **Melton City Council**
